

Team Statistics

Team Statistics and Player information.

Team Name

- You find here the team's name, the assigned captain, and the team's home venue and it's location.
- If you are viewing the team's information of a past season you will also find the team's other names it used before, if there are any.

Player List

- All players who have played at least one game for the team during the displayed season are listed.
- It lists the current player's rating, and how many single games, double games, and weeks the player has played.
- If the league operators have enabled extended information to display, then it also lists the player's win ratio, usage, season start rating, and the rating change from season start to current.
- *Usage* indicates the total number of games played divided by the number of weeks played for each player.
